CONSIDERING PROFESSIONAL TRAINING AND A CAREER IN THE INDUSTRY

The training provided by Beau Monde Academy of Barbering and Cosmetology is “career oriented” based on fast track training. We believe that the professional success of each student is directly related and may be traced to their training. A part of this training includes the development of each student’s professionalism, good work habits, confidence, and skill level. One of the most important attributes that a student can provide to a future employer is a positive and responsible attitude. Development of a positive and responsible attitude is based upon the habits and skills that a student acquires during their training. Beau Monde Academy of Barbering and Cosmetology provides performance-based training that mimics the conditions and standards that a student will encounter in their future workplace. Therefore, good work habits, reliability, and responsibility are required. We are very proud of the level of the professional skill, academic achievement, and responsibility that our students demonstrate through their attendance, completion, state board examination pass rates, and professional placement rates. Deciding to enroll in a postsecondary cosmetology program and to pursue a career in the beauty industry is an important decision. In addition to the time and dedication you must devote to your training, there are additional considerations. You may visit our website at beaumondeacademy.com for more information.

SAFETY AND HEALTH CONSIDERATIONS

On a daily basis students and cosmetology professionals handle hazardous chemical solutions and products. If carelessly handled these chemicals could cause allergic reactions, burn the skin or scalp, damage hair or skin, or produce dangerous fumes if not properly mixed and stored. Electrical appliances are used near sinks and water areas. These electrical appliances must be properly cared for and maintained so that an electrical shock that could injure the cosmetologist or salon model is not produced. Cosmetology professionals are exposed to human skin, scalp, nails, body oils, and sometimes blood. A cosmetologist may encounter contagious diseases, parasites or fungi while working on salon models. Self-protective sanitation procedures must be followed at all times. In general terms, cosmetologists work on tile or linoleum floors. This requires the sensible and safe practice of wearing footwear with non-skid soles, closed toes, and low heels to avoid slipping or accidents. Due to the physical standing position that the profession requires, a professional cosmetologist must ensure that their legs or feet are not injured. At all times, cosmetology professionals should wear smocks or lab jackets and provide a protective apron or cape to each salon model in order to prevent the possibility of chemical splashing or spills and for general cleanliness purposes.

THE DEMANDS OF THE COSMETOLOGY PROFESSION

Before a student enrolls, completes their course requirements, pays their student account in full, graduates, collects their transcripts, takes their state board examination, receives the license, and obtains employment in the cosmetology industry that prospective student needs to realistically consider the physical and mental demands of the cosmetology professional’s work day.

Professional cosmetologists are on their feet for extended periods of time. The workday does not end until all appointments and services are completed. Politeness and professionalism are required and expected during all

dealings with clients, co-workers and business contacts. A cosmetologist must be on-time for work, reliable, and prepared for the daily schedule. A cosmetologist is asked to take “walk-in” clients and to perform those services with a smile. A cosmetologist must always represent their employer in a manner that is appropriate and befitting of a true professional. Although many of these items will not be listed on a job description, these are an intrinsic part of each cosmetologists job. Due to the quickly changing nature of technology, techniques and products used in the cosmetology profession, all cosmetology professionals must plan to attend continuing education training and seminars after they have received their license in order to better serve their salon clients. Some of the traits that an individual must possess to be successful in the cosmetology industry include:

- Enjoy dealing with the public and be able to follow a client’s direction.
- Keep abreast of the latest fashions, products, equipment, and beauty techniques.
- Having finger dexterity and a sense of artistry and form.
- The ability to make a strong commitment to the educational process and complete their course of training.
- A willingness to work long hours while building a clientele.
- A desire to learn business skills, in addition to artistic and technical skills.

All prospective students should take note:

- Training and employment work can be arduous and physically demanding due to long hours standing with your arms at shoulder level. Also, sitting at a manicuring table or behind an esthetics chair.
- Cosmetology is a highly regulated industry; knowledge of health and public safety laws and practices is required.
- A personal investment will be required for advertising and promotions such as business cards, products, and flyers.
- Methods of compensation within the cosmetology industry vary and may include a straight salary, salary plus commission, sliding scales commissions or independent contracting (self-employment).

COURSE / PROGRAM TRAINING INFORMATION

Beau Monde Academy of Barbering and Cosmetology utilizes a comprehensive system that integrates all aspects of student learning experiences using a fast track training program. The Pivot Point/performance based curriculum is a worldwide educational network that enhances the training experience through a step-by-step modular learning system that is divided into simple units. The structured division of training units enables each student to grasp concepts and develop the skills required to excel in a professional cosmetology environment. Each student receives their own professional reference Pivot Point books in conjunction with e-books. Leo Passage is the founder of the Pivot Point method of cosmetology instruction. The Pivot Point method of training is intended to prepare students with the skills required for employment at the finest salons and spas. The Pivot Point method of training is time-tested. These classic training methods undergo continual assessment, study, and development to ensure that students will possess the contemporary and professional “tools of success” upon completion of their course of training. Beau Monde Academy of Barbering and Cosmetology is building a great reputation, based in part upon quality and skills of its students and Beau Monde Academy’s commitment to progressive ideas. Faculty members regularly receive training in the areas of hair styling, esthetics, and nail technology and barbering, enabling them to share the most current information directly with students. Courses are structured to enable students to discover, develop, apply and gain confidence in their professional knowledge and skills, and to encourage support and diversity, personal achievement, and professional pride.

ABILITY TO LEARN IN ENGLISH

All instruction and training is provided in the English language. All textbooks, video, reference materials, training materials, product labels, and institutional publications are provided in the English language.

PERFORMANCE OBJECTIVES

All programs and units of training, as described in the instructional curriculum outlines, have clearly defined performance objectives. The objectives are designed to measure the level of each student's skill or task ability and knowledge. The specific grades of competence demonstrated and achieved by each student are measured and recorded on both theory and practical tests and examinations. These grades are provided to the student in the form of a grade/progress report.

DEFINITION OF A FAST TRACK PROGRAM

Clearly defined student performance standards that measure levels of training required for students to successfully pass the appropriate practitioner certificate examination and successfully and safely perform on members of the public all services allowed in the certification classifications for barbering, hair design esthetics, and nail technology.

DEFINITION OF A COMPLETED LESSON

A completed lesson may be either theory/qualitative (academic) or practical/qualitative (hands-on) training. Each completed lesson matches to a lesson or practical operation that is required in the course curriculum. At the time the student successfully completes the theory or practical lesson, documentation of completion is delivered to the administrative office and the student receives credit for the successfully completed lesson or requirement. Each student receives a student lesson record book in which each requirement is recorded and logged-off by an instructor at the time it is completed by the student.

INDIVIDUAL PRESCRIPTIVE TRAINING COURSE/PROGRAM

Beau Monde Academy of Barbering and Cosmetology offers individual prescriptive training course/program. Courses are taught in a series of sequential training steps. The student must pass all theory/qualitative (academic) and practical/qualitative (hands-on) training administered throughout their program in order to demonstrate mastery. Courses are divided into PRE-CLINIC, CLINIC LEVEL 1, CLINIC LEVEL 2, and SALON READY LEVELS. Students are allowed to complete each level as quickly as the student is assessed and demonstrates mastery.

TRANSFERABILITY OF PROGRAMS AT BEAU MONDE ACADEMY

Beau Monde Academy makes no guarantee of the transferability of the core competencies earned at this school to another postsecondary institution. For further clarification of fast track training program refer to the Higher Education Coordinating Commission rule 715-045-0220.

WEEKLY ATTENDANCE

In general terms, no student is scheduled to be in attendance in excess of thirty-five (35) hours per week.

RECORDING THE LENGTH OF TIME A STUDENT IS ENROLLED IN A FAST TRACK PROGRAM

The hours that each student attends are recorded and accumulated each time the student clocks in or clocks out on the time clock. The time clock is part of an automated, computerized attendance system. Daily hours accrue from the students start time until a student clocks out. The recorded hours accrue and create a cumulative hour total from the first time a student clocks in on the start day until the students last day of attendance. This system creates a complete

record and history that verifies the number of training hours a student has attended for purpose of creating an official transcript (715-045-0220).

DAILY START TIME

Students clock in automatically recording the entry. Students must clock in by their scheduled time.

TEACHING AND TRAINING TECHNIQUES

Beau Monde Academy is constantly updating educational and training equipment, as well as teaching aids. Educational materials from different sources, such as Wella, Sebastian, Nioxin, Dermalogica, OPI, and MUD Makeup, broaden each student's knowledge and make the learning process more interesting. payments, the date on which those payments are due, and the date the final payment is due. Approved monthly payments must be secured with a credit/debit card. Payments are due and processed the 1st day of the month. Payments received after the 5th day of the month (declined card) will be charged a \$25 fee. STUDENT FINANCIAL ASSISTANCE / FEDERAL AND STATE

Student financial assistance is available for students who complete and submit all required applications and who qualify for participation. Beau Monde Academy participates in several types of Federal Title IV Student Financial Assistance Programs. These programs are administered by the United States Department of Education. The programs in which Beau Monde Academy participates are the Federal Pell Grant Program, Federal Direct Student Loan, and Parent Plus Loan. Award amounts for these programs are determined by statutory maximums, availability of funds, student eligibility, and student need by the Federal Government.

In order to apply for and participate in these programs the student must create a user ID and password at studentaid.gov as well as complete and submit a Free Application for Federal Student Aid (FAFSA), which can be completed online at studentaid.gov. The completed form is submitted to the United States Department of Education. The Department determines eligibility and need, using a special needs analysis formula. Beau Monde Academy receives an electronic version of this report. After the electronic report is received by our college, each student is provided with a written notice of eligibility that lists the amounts and types of student financial assistance for which they qualify and may apply. If a student qualifies for loan funds, the student must complete an additional and separate loan application and schedule an appointment with the financial aid officer.

The Federal Pell Grant is a form of federal student financial assistance that the student does not have to pay back, under most circumstances. If however, a student withdraws from their course of training prior to completing 60% of a payment period, all or a part of the Federal Pell Grant may need to be repaid. The withdrawing student may be liable for all or a portion of this repayment.

Federal Direct Student Loans (FDSL) is a form of student aid that must always be repaid, generally, after a student has completed training. Repayment of these loans includes a default fee of 1.069% (PLUS Loan 4.276%), interest, and accrued interest (interest fees are subject to change). In the case of a Direct Subsidized Loan the Federal government pays the interest while the student is in school. Several times prior to repayment the Lender will contact the student to discuss payment plan options and the student will select the repayment plan of their choice. For further information visit studentaid.gov.

Other forms of student financial assistance, such as the Oregon Barber's and Hairdresser's Grant and the Alaska Student Loan Program, require the completion of a FAFSA. In order to receive Agency assistance and other private student funding, the student must directly contact the Agency or source and follow their procedures to make application for assistance.

FINANCIAL ASSISTANCE INTERVIEW

A clear understanding of the financial assistance application process and requirements is provided to each student. In order to assist, Beau Monde Academy provides a financial assistance interview to each student and their family members. The Financial Aid Director is Cecily McClanahan; she can be reached via email at Cecily@beaumontcollege.com. During the financial assistance interview eligibility requirements, types of available funding, application forms, filing deadlines and required documentation are discussed. In some instances the students' ability to apply for a second award period is also explained. Published materials regarding the Pell Grant and Student Loans are provided to the student. The student is clearly advised that all offers of student financial assistance are estimates only. Final amounts of student financial assistance that are received and disbursed to a student's account are based upon the length of the course and training, scheduled hours, maintenance of

satisfactory progress and continued student eligibility. The financial aid office hours are Tuesday-Friday from 10:30am to 7:00pm.

STUDENT LOAN ENTRANCE COUNSELING (TITLE IV ONLY)

Please complete the entrance counseling and master promissory note at studentaid.gov (click loans and grants). At the time of the Financial Aid Assistance Interview the gross amount of the loan, indebtedness, obligation to repay the loan and interest, along with borrower privileges such as deferment and the conditions of deferment, are reviewed. The student is advised of their need to attend an exit interview loan counseling prior to separation from Beau Monde Academy. The Exit Interview is required to be completed online at studentaid.gov.

NOTICE OF ANTICIPATED FINANCIAL ASSISTANCE / AWARD LETTER (TITLE IV ONLY)

At the time of the financial assistance interview, or shortly thereafter, the student is provided with a printed "Notice of Anticipated Student Assistance". This notice details the award year, each program, delivery dates and the anticipated dollar amount of student financial assistance. The notice clearly advises the student that all funds are estimated and are first credited against the student's outstanding account balance for the payment of institutional charges. Student must accept or refuse the offer of the award and return to the financial aid office via email to cecily@beaumontcollege.com.

VERIFICATION POLICY FOR PURPOSES OF STUDENT FINANCIAL ASSISTANCE

Pursuant to Federal Regulations, Beau Monde Academy will perform "verification" of all student aid reports that are "flagged" for verification with a "verification edit". This means that each student making application for student assistance, who also receives a "flagged" Student Aid Report, will be required to submit a federal tax transcript from the IRS, their parent's federal tax transcript, if applicable, and any other documents requested by the Financial Aid Office so that we can verify the information contained in the Student Aid Report. Students and parents completing a FAFSA application may opt to use the IRS data retrieval. This will directly transport the tax information needed to be verified from your federal tax transcript to the FAFSA application. Your tax transcript must have been filed for at least two weeks prior for the data to transfer over. Applicants who are successful in transferring the data from the IRS will not need to supply the financial office with the federal tax transcript. However, family size and food stamps, if applicable, are items that need to be verified in written form. Persons who are unable to use the IRS data retrieval and need a tax transcript, see below.

IF YOU NEED A COPY OF YOUR INCOME TAX TRANSCRIPT

Persons needing official tax transcripts may go to the IRS Office and request the tax transcript. The Internal Revenue Service Office is located at: 1220 SW Third Avenue, Portland, Oregon 97205; Telephone: 1-800-TAX-1040. You may also order a tax transcript at <http://www.irs.gov/Individuals/Order-a-Transcript>.

CONFLICTING INFORMATION

Beau Monde Academy will verify and resolve all information contained on the Student Aid Report that conflicts with the documents submitted by the student. Financial assistance is withheld until such time as all verification documents requested are received, verification is complete and all conflicting information is resolved.

SATISFACTORY PROGRESS EVALUATIONS AND DELIVERY OF FEDERAL STUDENT FINANCIAL ASSISTANCE

For the purpose of the delivery of financial assistance, satisfactory progress will be evaluated at the scheduled mid-point of each academic year and at the start of each "cross-over" period. The satisfactory progress evaluation schedule ensures that all students participating in the Title IV, Federal Financial Assistance Programs will receive a satisfactory progress evaluation prior to the delivery of each Title IV disbursement.

METHOD OF DELIVERING AND APPLYING STUDENT PAYMENTS (ALL STUDENTS)

All payments, regardless of origin, are first credited against the students outstanding financial obligations to Beau Monde Academy. This policy is applied to all payment sources inclusive of Federal Loans and Grants. In order to qualify for “cost of living” repayment funds the student must maintain satisfactory progress, and a credit balance must occur on the student account at the end of the academic year period. If these conditions are satisfied, Beau Monde Academy will refund the exact amount of the credit balance directly to the student, within 14-days of posting the credit balance to the student’s account. Beau Monde Academy does not provide “budgeted” or “partial” repayments of credit balance amounts. The student may also opt to send the credit balance back to reduce student debt.

IF STUDENT ASSISTANCE WILL NOT COVER THE TOTAL AMOUNT OF INSTITUTIONAL CHARGES

In the instance that a determination is made by the USDOE that the student does not have the eligibility to access enough funding to completely satisfy institutional charges, or if the student should lose eligibility for assistance during enrollment, the student is obligated to pay the difference between the financial assistance for which they are eligible and the actual institutional charges. This amount must be made in cash payment. Student eligibility for financial assistance is subject to change based upon changes in the student’s income, crossover into a 2nd award year, failure to maintain satisfactory progress, course change, schedule change, conviction of a drug related crime or failure to complete verification. The academy provides clear advisement and discloses to each student who falls, or has the potential to fall, into this category in order to attempt a pro-active resolution of this situation.

SUSPENSION OF ELIGIBILITY FOR FEDERAL STUDENT FINANCIAL ASSISTANCE BASED UPON CONVICTION FOR DRUG RELATED OFFENSES

A student’s eligibility for Federal Student Financial Assistance is suspended at the time that a student is convicted of any offense under Federal or State Law involving the sale, delivery, possession or manufacture of a controlled substance. This suspension is effective for a specified period based upon the type of offense and the number of offenses for which the student is convicted. A student whose eligibility is suspended may seek to regain and resume eligibility only after the student successfully completes a drug rehabilitation program that meets Federal criteria. A student who has been convicted of any offense involving the sale, possession, or manufacture of a controlled substance must complete an additional worksheet in addition to the FAFSA Application.

INSTITUTIONAL DISCIPLINARY ACTIONS

Failure to abide by the above listed institutional rules will result in the following disciplinary actions:

- **DISCIPLINARY VERBAL WARNING-** Given to a student by a staff member. A verbal warning is intended to warn a student that performance or behavior is not acceptable. A note of verbal warning may be made and placed in the student's permanent record.
- **DISCIPLINARY WRITTEN WARNING-** Given to a student when previous warnings have failed. The student signs and receives a copy of the written warning. A written warning may be included on an advisement report. A copy is retained in the student's permanent record. This type of warning is intended to inform a student of unacceptable performance or behavior so that a student can correct the situation prior to an official probation action.
- **DISCIPLINARY OFFICIAL PROBATION-** This disciplinary action only occurs after all previous verbal and written warnings have failed. The probation notice is reviewed with the student. The reasons for and conditions of the probation are clearly listed. The student is allowed a maximum period of thirty days in which to correct the listed behavior or performance problems. The student must sign the official probation notice and receive a copy. The original notice is retained as part of the student's permanent record. A student on probation is expected to attend their contracted, scheduled time. Failure on a student's part to satisfy the terms and conditions of official probation within the stated timeframe may lead to an extension of the student's probationary period or separation from the academy. A student who satisfies the terms and conditions of their official probation prior to the expiration of the probation action will be automatically reinstated.
- **DISCIPLINARY NOTICE OF SUSPENSION** – Generally this type of disciplinary action is utilized based upon behavioral issues. However, the academy reserves the right to issue a notice of suspension pending an investigation of the issue presented to the school. A student reviews and signs the notice of suspension with a staff member and receives a copy. The reason for and terms of the suspension are clearly listed on the notice. The original notice of suspension is retained in the student's permanent record. The length of suspension will not exceed 10 business days. During the period of suspension the student does not accrue time or practical operations. Suspended students are not allowed on school property unless they have the prior consent of a staff member. Failure on the part of the student to resolve the issues related to the notice of suspension may lead to separation from school.
- **DISCIPLINARY EXPULSION/TERMINATION-** This disciplinary action occurs when all other mechanisms and warnings have failed. A copy of the expulsion/termination notice is reviewed or delivered to the student. A copy is retained in the student's permanent record. The reasons for expulsion/termination is clearly listed. An institutional earning/refund calculation is sent to the student within 40 days. The notice advises the student that they retain the right to appeal their expulsion/termination. A student who has been expelled or terminated from this institution is not allowed on school property unless they have received prior permission of a staff member.
- **DISCIPLINARY APPEAL PROCESS / ALL STUDENTS-** Any student placed on probation, expelled or terminated for failure to follow rules of conduct, anti-drug policies, and campus security may appeal the decision. The student must submit a written appeal to the director, along with any supporting documentation. The appeal must state the reason(s) leading to the student being placed on probation, reason(s) to reconsider or reverse, and request a re-evaluation of the students' progress. The academy must receive the student's written appeal within five (5) business days of termination. Should a student fail to appeal the decision, the academy's decision to place a student on official probation or to terminate the student will stand.

In the instance that the student submits a written appeal, the appeal review will take place within three (3) days of receipt of the student's written appeal. The staff will review the situation and vote upon re-admission. Should the vote determine that the student will not be allowed re-admission, the student is entitled to an appeal hearing. The appeal hearing will be attended by all concerned parties inclusive of, but not limited to, the student, the student's parent or spouse (if applicable), the student's instructor and the director of the academy. A decision regarding the outcome of the student's appeal will be made within seven (7) calendar days and will be communicated to the student in writing. Should the student prevail upon their appeal and be determined to be in compliance, the student will be automatically re-entered into their course of study and financial assistance funds will be reinstated should the student be eligible for reinstatement.

FAMILY RIGHTS AND PRIVACY ACT (FERPA) / BUCKLEY AMENDMENT

FERPA

Pursuant to Oregon Statutes, each student's right to privacy is protected. The academy will not release any information regarding a student to an outside third party, unless the student's written consent is provided, or in the case of a "dependent minor student", the written consent of that student's parents or guardian.

EXCEPTIONS TO THIS POLICY

- Outside parties acting on behalf of the school's proper and accurate maintenance of institutional records.
- Permanent employment or educational records of any employee or student whose actions are under investigation by a duly authorized law enforcement agency acting within its jurisdiction and in the public interest shall be open to such law enforcement agency. Students or employees will be notified in writing should a request of this nature be made.
- Pursuant to the campus security act and this institution's requirement to report all criminal activity that occurs on this campus. Any instance of criminal activity occurring on institutional property will not be subject to the privacy protections afforded under the Family Rights and Privacy Act. In the instance of a legally defined juvenile student, information will not be disclosed to any other party except as provided under state law, without prior written consent of the parent of the student.
- Pursuant to the Homeland Security Act, a student record may be reviewed by a duly authorized federal law enforcement agency.
- Any student may request and receive a complete copy of their student record. Beau Monde Academy charges a reasonable fee of \$75 for full copies of student records, and will forward such records to the student's address within 30 days of the receipt of the written request and \$75 fee.
- A student may request, in writing, to look through their student file at any time under supervision.
- It will only be provided to regulatory agencies who are responsible for the oversight of private career schools, including NACCAS who has access to institutional records.

STUDENT AND PARENT/GUARDIAN RIGHTS UNDER FERPA

- The academy informs students and all prospective students of their rights under the Family Rights and Privacy Act (FERPA) via the publication of this policy in its institutional catalog.
- Each student, and in the case of a dependent minor student the student's parents or guardian, have the right to inspect and review their personally identifiable education records. In the case of a dependent minor student, that student's parents and guardian have the right to inspect the dependents child's records and all other rights accorded under FERPA
- Each student may request that such record be amended if they believe that it is inaccurate, misleading or otherwise in violation of their privacy rights.
- This institution will obtain written consent prior to disclosing personally identifiable information about the student from their educational records unless such consent is not required under the FERPA regulations.

- Each student may consent in writing to the release/disclosure of personally identifiable information which is retained in their record. An example of this would be the release of information, which would assist a student obtaining employment.
- Any student may request and receive a complete copy of their student record. This institution charges a reasonable fee of \$75 for full copies of a student's record. And will forward such records to a student's address within 30 days of the receipt of a written request from the student and payment of \$75.
- Any student who feels they have been denied access to their records, or that this institution has failed to comply with the requirements of FERPA, has the right to file a complaint with the Higher Education Coordinating Commission.
- The parents or guardian of a dependent minor student are entitled to the same rights to privacy as their child. Further, parents of a statutory defined dependent minor student retain the right to request, review and obtain copies of their child's school records. Conversely, the dependent minor is not allowed to review parental or guardian information, even if it is in the student's file, without the written consent of the parent. This policy is consistent with current FERPA requirements.

CURRENTLY ENROLLED STUDENTS

Currently enrolled students may access their files by completing a student request form and scheduling a specific time to meet with a supervising administrative staff person.

A STUDENT DOES NOT HAVE THE RIGHT

- If a dependent minor student, the student may not review their parent's information unless they have written consent of their parents.
- To review any information regarding or concerning any other student.
- To receive contact information regarding any other student.

ABSENTEEISM AND TARDINESS

Perhaps the question most frequently asked by prospective employers when they are considering hiring one of our graduates is this:

"How was the student's attendance while enrolled in training?"

Why? Because your future employer will consider your attendance record at the academy as a demonstration of your professional responsibility and reliability. A part of your training is preparation for the workplace. Therefore, the academy cannot allow a student to form irresponsible attendance habits. For this reason, the academy insists on 100% attendance and following absence and tardy procedures:

TARDY

If a student will be late they are required to telephone the academy at 503-252-7444 prior to their schedule and advise a supervising licensed instructor that they will be late and their approximate time of arrival. A student who accumulates excessive tardies will be counseled by a staff member. A written memorandum of tardy counseling will be maintained in the student's permanent record. If you do not call the campus prior to your scheduled time you may not be allowed to attend school for the day.

ABSENCE

A student is required to telephone the school on each day of absence. A student whose attendance drops below 100% of their schedule will be counseled and required to make up what they have missed. Failure on the student's part to maintain satisfactory progress could result in probation and

may result in separation from the academy. Students wishing to make up work may be requested in writing to a supervising licensed instructor.

EXCEPTIONS TO THIS POLICY

- Pre-arranged- If a student is aware they will need time off from their scheduled training hours, such as a doctor appointment, they are to notify the academy in a written request prior to the absence. At the time of notification, the student should be prepared to inform the school of the length of the absence and a plan in place to make up the time absent.
- Leave of Absence – Refer to the leave of absence policy.

FAILURE TO CALL IN ABSENT FOR THREE CONSECUTIVE DAYS

The academy reserves the right to automatically terminate any student who fails to notify the school of absence for a period of three consecutive days. Notification of termination will be delivered to the student in writing. This policy parallels current employer policies and employment laws. This policy is intended to prepare students for the workplace.

THIRTY CONSECUTIVE DAYS ABSENT

Unless a student has an institutionally approved leave of absence, any student absent for 30 consecutive days (no call/no show) is automatically terminated by the academy. The student will be notified and considered to be in a withdrawn status.

CLASS CUTS

If a student leaves school during the day for personal business a staff member must be notified and the student must complete an early dismissal notice and their name deleted from the appointment schedule. When a student leaves school for any reason they must punch out on the time clock.

AN ABSENCE IS AN ABSENCE

All students need to be aware of the following: AN ABSENCE IS AN ABSENCE

For purpose of determining a student's cumulative Satisfactory Attendance Percentage (SAP) there is no difference between an excused absence and an unexcused absence. The only types of absences which would hold a student's attendance percentage static would be an institutionally approved leave of absence or a school closure, such as an emergency weather condition day. Students are asked to pre-arrange absences or to call in if they are going to be out for the day in the same manner they would need to contact and advise an employer were they to miss a day of work. The academy will need to shift all of the student's scheduled appointments to other students.

INSTITUTIONALLY APPROVED LEAVE OF ABSENCE POLICY (ALL STUDENTS)

The academy will grant a student leave of absence, which is no less than 30 days and does not exceed 180 days (approximately 6 months), in any 12-month period. An institutionally approved leave of absence is permitted under a formal policy, which allows no more than a 180-day leave of absence based upon medical, emergency, crisis or other personal mitigating situations. In order to receive an institutionally approved leave of absence the student must request the leave in advance in writing according to the following policy and procedure. The academy must approve the request for a leave of absence in accordance with this published policy and procedure:

- The student must make a written request for the leave in advance and must include the student's reason for the request and the student's signature. In the instance the student is unable to make the request in writing their authorized representative, such as spouse or a parent, may make the written request.
- The student must make the request for an LOA in advance unless unforeseen circumstances prevent the student from doing so. For example, if a student were injured in a car accident and needed a few weeks to recover before returning to institution, the student would not have been able to request the LOA in advance.

- The academy may grant an LOA to a student who did not provide the request prior to the LOA due to unforeseen circumstances if the institution documents the reason for its decision and collects the request and other necessary documentation from the student at a later date. The start date of the LOA, in this example, would be the first date the student was unable to attend the institution because of the accident.
- The academy must approve the written request.
- There must be a reasonable expectation that the student will return from the LOA.
- This policy does not allow an institutionally approved leave of absence to exceed 180 days.
- Should the student require additional leave of absence time, and the 180-day time frame has not elapsed during the 12-month period, the student may apply for additional leave time. However, this policy clearly demands that the maximum allowable time frame of 180 days may not be exceeded within any 12-month period.
- During the period of the approved leave of absence the student shall not be considered withdrawn.
- The leave of absence does not involve any additional charges from the institution to the student.
- This academy will approve the written leave of absence request only in the instance of medical emergency, crisis or personal mitigating circumstances, which the student can document. In the instance of a medical condition written documentation from a health care professional is required. In all other circumstances a written explanation from the student or the student's representative shall suffice.
- The student or the student's representative is required to utilize our request form for institutionally approved leave of absence when requesting the leave. This form must be signed and dated.
- If a student takes an unapproved leave of absence, or does not return at the end of the expiration of their approved leave of absence Beau Monde Academy is required to calculate the refund based upon the student's last date of physical attendance in the school. If a student fails to return without notifying the school of a need for extension, the withdrawal determination date is the date they were supposed to return but did not.
- The student's contract period will be extended by the same number of calendar days taken in the leave of absence. The contract and/or the addendum will be initialed by both the school and the student to reflect the change in the contract period.
- Upon return from an institutionally approved leave of absence the student will assume the same status and progress as held prior to the leave.
- Approved leave of absence students must keep their accounts current.

TEMPORARY INTERRUPTIONS OF TRAINING

A student returning from an institutionally approved leave of absence or other interruption of training must return to the school in the same satisfactory progress status as prior to their departure.

REPETITIONS AND NON-REMEDIAL COURSES

A student making satisfactory progress at the point of withdrawal may apply for re-entry in the school and will be considered to be making satisfactory progress at the point of re-entry. Non-credit remedial courses have no effect upon a student's satisfactory progress in this school. Students who withdrawal prior to completion of the course and wish to re-enroll will return in the same satisfactory academic progress status as at the time of withdrawal.

GRADE SCALES, PROGRESS REPORTS, AND SATISFACTORY PROGRESS

Student grades will be based on theory assignments, theory tests, practical assignments and practical tests. Students must achieve a grade of "C" (75%) or better for work to be considered acceptable according to the following scale:

THEORY WORK/QUALITATIVE:	PRACTICAL & SALON FLOOR/ QUALITATIVE WORK:
90% to 100% = A = Excellent	90% to 100% = A = Excellent
80 % to 89% = B = Good	80 % to 89% = B = Good
75% to 79% = C = Satisfactory	75% to 79% = C = Satisfactory

74.9%, or less = F = Failing	74.9%, or less = F = Failing
------------------------------	------------------------------

The student is required to maintain a cumulative “C” grade average (75%) on theory and a “C” grade average (75%) in practical work in order to be considered making satisfactory progress.

SATISFACTORY ACADEMIC PROGRESS POLICY

As a condition of the students continuing enrollment the student is required to maintain Satisfactory Academic Progress (SAP) through the duration of enrollment. This policy applies to all students. The term Satisfactory Academic Progress complies with the guidelines established by the National Accrediting Commission of Career Arts and Sciences (NACCAS) and the Federal Regulations established by the United States Department of Education. SAP includes two cumulative elements of measurement:

- ATTENDANCE (Quantitative) – Minimum Satisfactory Standard = no less than 70% of all scheduled time.
- ACADEMIC/PRACTICAL (Qualitative) – Minimum Satisfactory Standard = no less than 75% of all academic requirements.

ATTENDANCE PROGRESS EVALUATIONS

Students are required to attend a minimum of 70% of their scheduled time based on the applicable attendance schedule in order to be considered maintaining Satisfactory Attendance Progress. Evaluations are conducted at the end of each evaluation period to determine if the student has met the minimum requirements. The attendance percentage is determined by dividing the total weeks/time (hours) accrued by the total number of weeks/time (hours) scheduled. At the end of each evaluation period the school will determine if the student has maintained at least 70% cumulative attendance since the beginning of the program, which indicates that, given the same attendance rate, the student will graduate within the maximum time frame allowed.

ATTENDANCE PROGRESS EVALUATIONS (ALL STUDENTS)

The qualitative element used to determine academic progress is a reasonable system of grades as determined by assigned academic learning. Students are assigned academic learning and a minimum number of practical experiences. Academic learning is evaluated after each unit of study. Practical assignments are evaluated as completed and counted toward course completion only when rated as satisfactory or better (the computer system will reflect completion of the practical assignment as 100% rating). If the performance does not meet satisfactory requirements, it is counted and the performance must be repeated. At least two comprehensive practical skills evaluations will be conducted during the course of study. Practical skills are evaluated according to text procedures and set forth in practical skills evaluation criteria adopted by the academy. Students must maintain a written grade average of 75% and pass a final written and practical exam prior to graduation. Students must make-up failed or missed tests and incomplete assignments. Numerical grades are considered according to the following scale:

THEORY WORK/QUALITATIVE:	PRACTICAL & SALON FLOOR/QUALITATIVE:
90% to 100% = A = Excellent	90% to 100% = A = Excellent
80 % to 89% = B = Good	80 % to 89% = B = Good
75% to 79% = C = Satisfactory	75% to 79% = C = Satisfactory
74.9%, or less = F = Failing	74.9%, or less = F = Failing

The maximum time allowed for transfer students who need less than the full course requirements or part time students will be determined based on 70% of the scheduled time. Students are not allowed to exceed the maximum time frame. Any student who does will be withdrawn from Beau Monde Academy and will be able to re-enroll as a cash pay student.

DETERMINATION OF PROGRESS STATUS

Students meeting the minimum requirements for academics (75%) and attendance (70%) at the evaluation point are considered to be making Satisfactory Academic Progress until the next scheduled evaluations. Students will receive a hard copy of their Satisfactory Academic Progress determination at the time of each of the evaluations. Students deemed not maintaining Satisfactory Academic Progress may have their financial assistance interrupted, unless the student is on warning or has prevailed upon appeal resulting in a status of probation.

WARNING

Students who fail to meet minimum requirements for attendance or academic progress are placed on warning and considered to be making Satisfactory Academic Progress during the warning period. The student will be advised in writing on the actions required to attain Satisfactory Academic Progress by the next evaluation period. If at the end of the warning period the student has still not met both the attendance and academic requirements, federal financial assistance is terminated. He/she may be placed on probation after successful appeal.

PROBATION

Students who fail to meet the minimum requirements for attendance or academic progress after the warning period will be placed on probation and considered to be making Satisfactory Academic Progress during the probationary period, if the student appeals the decision and prevails upon appeal. Additionally, only the students who have the ability to meet the Satisfactory Academic Progress policy standards by the end of the evaluation period may be placed on probation. Students placed on an academic plan must be able to meet requirements set forth in the academic plan by the end of the next evaluation period. Students who are progressing according to their specific academic plan will be considered making Satisfactory Academic Progress. The student will be advised in writing of the actions required to attain Satisfactory Academic Progress by the next evaluation. If at the end of the probationary period the students has still not met both the attendance and academic requirements required for satisfactory academic progress or by the academic plan, he/she will be determined as not making Satisfactory Academic Progress and, be ineligible for federal financial assistance and may be terminated from the academy.

RE-ESTABLISHMENT OF SATISFACTORY ACADEMIC PROGRESS

Students may re-establish Satisfactory Academic Progress and federal financial assistance, as applicable, by meeting minimum attendance (70%) and academic (75%) requirements by the end of the warning or probationary period.

INTERRUPTIONS, COURSE INCOMPLETES, AND WITHDRAWALS

If enrollment is temporarily interrupted for a leave of absence the student will return to the academy in the same progress status as prior to the leave of absence. Hours elapsed during a leave of absence will extend to students contract period and maximum time frame by the same number of days taken in the leave of absence and will not be included in the students cumulative attendance percentage calculation. Students who withdraw prior to completion of the course and wish to re-enroll will return in the same Satisfactory Academic Progress status as at the time of withdrawal.

APPEAL PROCEDURE

If a student is determined to not be making Satisfactory Academic Progress, the student may appeal the determination within ten calendar days. Reasons for which students may appeal a negative progress determination include documented reasons such as death of a relative, an injury or illness of the student, or any other allowable special or mitigating circumstance. The student must submit a written appeal to the academy on the designated form describing why the failed to meet Satisfactory Academic Progress standards along with supporting documentation of the reasons why the determination should be reversed. This information should include what has changed about the student's situation that will allow them to achieve Satisfactory Academic Progress by the next evaluation point. Appeal documents will be reviewed and a decision will be made and reported to the student within 30 calendar days. The appeal and decision documents will be retained in the student file. If the student prevails upon appeal the Satisfactory Academic Progress determination will be reversed and financial assistance will be reinstated, if applicable.

NON-CREDIT, REMEDIAL COURSES, REPETITIONS

Non-credit, remedial courses, and repetitions do not apply to the academy. Therefore, these items have no effect upon the school's Satisfactory Academic Progress standards.

TRANSFER HOURS

With regard to Satisfactory Academic Progress, a student's transfer hours will be counted as both attempted and earned for the purpose of determining when the allowable maximum time frame has been exhausted. SAP evaluations are based on actual contracted hours at the institution.

STUDENT FAILURE TO MAINTAIN SATISFACTORY PROGRESS STANDARDS (OFFICIAL PROBATION)

At the time a student is placed on official probation, the student receives written advisement that states the reasons for the official probation and the steps and actions that the student must take to regain satisfactory progress. The student must meet with their advisor to discuss the official probation and sign the official probation notice. The student is informed that the official probation become a part of their permanent student record. The student is advised that failure to regain satisfactory progress may result in separation and termination from the academy and become ineligible for Federal Financial Assistance.

STUDENT RETURN TO SATISFACTORY PROGRESS FROM PROBATION

Through make-up attendance and/or completion of required material; regains no less than a 70% cumulative average in attendance and 75% theory work and practical work. Should the student regain satisfactory progress at the time of the next evaluation, the student will be removed from probation and considered making Satisfactory Academic Progress until the next evaluation period. The evaluation will be in writing and a copy delivered to the student.

TERMINATION FOR FAILURE TO MAINTAIN SATISFACTORY PROGRESS

In the instance that a student is placed on official probation and that student demonstrates no or minimal effort to regain satisfactory progress the student shall provide reasonable documentation to the academy on the students last day of the official probation or the student may be subject to termination.

60 DAY WAITING PERIOD FOR RE-ENROLLMENT AFTER TERMINATION

The student may opt to apply to re-enter the academy and complete their course of training after a period of no less than 60 days from the original termination date. The minimum expulsion period of 60-days is intended to provide a non-achieving student with the time to reassess their commitment to their training program and their ability to maintain satisfactory progress and complete the program. The academy does insist upon the exercise of its discretion when considering approval of the re-entry of a student previously terminated for unsatisfactory progress. Any student placed on probation, expelled, or terminated may appeal the decision. Refer to appeal and due process policy.

STUDENT PROGRESS AT TIME OF WITHDRAWAL, TERMINATION, OR COURSE INCOMPLETE AND RE-ENROLLMENT STATUS

Any student who withdraws from their contracted course or is terminated by the academy, or who fails to complete their training, will have notice placed in their student file as to the progress at the time of separation. If a student loses eligibility for failing to maintain satisfactory progress standards that student does not regain satisfactory progress merely by dropping out and re-enrolling. At the time of re-enrollment the student will re-enter training retaining the same status, cumulative averages, and progress as the student had earned at the time of separation.

ADDITIONAL INFORMATION

Students are provided the Satisfactory Academic Progress Policy prior to enrollment via a Student Handbook/Catalog.

STUDENT ADVISEMENT DISCLOSURES, SURVEYS, AND COSMETOLOGY SERVICES

STUDENT ADVISEMENT SERVICES

Beau Monde Academy of Barbering and Cosmetology considers student advisement an on-going, continuous procedure that produces measurable outcomes such as enhanced levels of professional development, increased skill development, and mastery. All staff members attempt to be as helpful and supportive of students as possible. Sometimes a situation occurs which requires expertise that our staff is not trained in, nor able to provide, since the academy does not employ legal, medical, or therapy experts. In a situation such as this a student is referred to the appropriate agency, support group, or association for assistance. The academy maintains a confidential record of these types or referrals. Referrals of this type are protected records under existing privacy laws. Institutional advisement is provided for, but not limited to, situations that are similar to the following: Enforcement of institutional policies, procedure, rules and standards as these relate to student academic standing, attendance, behavior, professional development, dress, and the overall health and safety of the academic community

- Institutional sanctions or disciplinary actions
- Proactive warnings or notices
- Student complaints and appeals procedure
- Campus security and safety, evacuation and emergency procedure, anti-drug and anti-alcohol policies
- Advisement referrals Issued to students

STUDENT RIGHT TO KNOW AND REQUIRED DISCLOSURES

Upon request, student right to know and disclosures are available. Disclosures include, but are not limited to, diversity of campus, crime stats, and Title IX.

STUDENT SURVEYS AND INTERVIEWS

On no less than an annual basis the academy conducts a survey of all enrolled students. The survey is in printed form and the student is not required to sign it. Completed surveys are collected and the results compiled and reviewed during staff meetings and our annual Advisory Committee Meeting. The academy considers the responses of our students as a performance evaluation that indicates our students' perceptions of how we are doing our jobs and the effectiveness of the training provided by the academy. The academy also performs an exit interview with each student who is preparing to complete the program. The exit surveys are collected, results compiled and discussed in the same manner and in the same forums as the currently enrolled student surveys.

STUDENT COSMETOLOGY SERVICES

Students are not allowed to get a *Student Service* during their scheduled hours. Our accrediting agency, the National Accrediting Commission of Career Arts and Sciences (NACCAS), does not recognize *Student Services* as eligible for earning time. It defines the amount of time a student spends in educational or training activities. Due to this, students wishing to get salon services must do so during non-scheduled hours. We will require appointments to be scheduled ahead of time if you are wishing to get a specific stylist. Students receive 50% off of their services. Students may not be clocked in while getting a salon service.

WITHDRAWAL, EXPULSION, TERMINATION

WITHDRAWALS AND PROGRAM INCOMPLETES

Any student who withdraws from their contracted course of study or who fails to complete training will have notice placed in their student file as to the progress of the student at the time of withdrawal.

WITHDRAWAL REQUIREMENT, UNOFFICIAL WITHDRAWALS, ASSIGNMENT OF LAST DAY ATTENDED, AND FEES

A student seeking to withdraw from or otherwise terminate their contracted course of study is requested to provide a written, signed, and dated notice of withdrawal from the academy. In the instance of a student who does not return from an institutionally approved leave of absence, the student's scheduled date of return will be used as the withdrawal date. A withdrawal fee in the amount of \$25.00 is charged to the student's account. A withdrawn student will receive a refund/earnings calculation via mail, e-mail, or in person no later than 30 days after the withdrawal date.

CIRCUMSTANCES BEYOND THE STUDENTS CONTROL

In the instance of documented life threatening personal illness, personally disabling accident or illness, or other extreme circumstances beyond the student's control, the academy will arrange a settlement that is reasonable and fair to both parties.

EXPELLED OR TERMINATED STUDENTS

A student who is terminated or expelled by the academy will be provided with a notice of termination. A terminated student's last day of attendance is assigned to the official termination form. The terminated student will receive a refund/earnings calculation no later than 30 days after the official termination date. Any student who is terminated or expelled by the academy for disciplinary, academic, attendance or other violations will not be entitled to a refund other than as specified in the academy's published Refund and Settlement policy.

SALON TOOL KIT, LAB LICENSE, AND TEXTBOOK CREDIT AT THE TIME OF WITHDRAWAL

Learn About Beauty license fees and starter kits are not considered for credit. The amount that a student will be charged is determined by dividing the total number of scheduled weeks since the student's start date into the total number of days accrued by the student according to the published class schedule of the last recorded day of attendance by the student. If a student retains their kit and textbooks at the time of withdrawal these items will not be considered for credit to the student's account. STATE OF OREGON – 50% PRO-RATA: SCHEDULED WEEKS UNTIL THE STUDENT'S LAST DAY OF ATTENDANCE – 715.045.0036

A student's period of enrollment is defined as the period of time that begins on the student's first day of training (start date), and accrues until the student's last day of attendance at the school. If a student withdraws prior to completion of 49.99% of the contracted program, the student shall be entitled to a pro-rata refund of the tuition charged and paid for such instructional program less registrations fees and any other legitimate charges owed by the student. If a student withdraws upon completion of 50% or more, of their scheduled and contracted instructional program, the student shall be obligated for the entire instructional program, and shall not be considered entitled to a refund. The term pro-rata refund means a refund of tuition paid for that portion of the program beyond the last recorded date of attendance. In calculating a pro-rata refund, the fast track based program's measuring the period of enrollment in scheduled training days; the amount the student will be charged is determined by dividing the total number scheduled weeks accrued by the student according to the published class schedule as of the last day of attendance by the student. The published class schedule is equal to the number of scheduled training days the academy has made available and provided to the student had the student maintained 100% attendance.

The number of days that the student was scheduled to complete is divided by the number days scheduled in order for the student to complete the course/program. The result is the percentage of the course/program that the student completed. The resulting percentage is used to determine the student's tuition debt to the academy.

The number of scheduled training hours in each respective course is:

- Safety, Sanitation, and Hygiene – 20 clock hours
- Career Development – 20 clock hours
- Hair Design – 851 clock hours
- Nail Technology – 281 clock hours
- Esthetics – 250 clock hours
- Cosmetology – 1232 clock hours
- Hair Design and Nail Technology – 1025 clock hours
- Hair Design and Esthetics – 1038 clock hours
- Esthetics and Nail Technology – 425 clock hours
- Barbering – 786 clock hours
- Teacher Training – 1000 clock hours

A withdrawal fee in the amount of \$25 is charged to the account of a withdrawing student. Refunds are due within 40 days.

Beau Monde Academy has the financial resources to ensure continuity of operation, educational programs, and services and to fulfill its obligations to students and staff by meeting the requirements set forth by the US Department of Education, NACCAS, and our State, HECC.

UNITED STATES DEPARTMENT OF EDUCATION – RETURN OF FEDERAL STUDENT FINANCIAL ASSISTANCE PROGRAM FUNDS

The United States Department of Education requires an additional calculation to be made for a student who has received Federal Title IV Assistance for the period of enrollment. If the hours actually completed by the student are less than 60% of the payment period, or total course hours, a portion of the assistance awarded to the student is considered unearned and must be returned to the appropriate Title IV program. This may create a larger than expected gap between the amount the school may charge the student and the amount of financial aid available to pay institutional charges. The student is liable for payment to the

school of charges earned but not provided for under this required formula. Title IV funds, such as Federal Pell Grants that are considered unearned by the student must be returned to the appropriate Federal Program. Refunds are due within 45 days.

<u>% Remaining in Period</u>	<u>% of Title IV Program Funds to be Returned</u>
40% or less remains	0%
40.1% to 100% remains	Actual Percentage

Federal Student Aid Disclosure

Students receiving Title IV Federal Financial Aid funds, please be advised that graduating prior to completion of 60% of the current payment period may result in a Return of Title IV Funds, and unearned financial aid that creates a balance owing on the student account. (See examples below) Should this occur, a Return of Title IV Funds refund calculation will be performed, (See refund policy Pg. 35 in the Student Handbook) and placed in the student's permanent academic file. Student will be notified at the required Exit Interview with the financial aid office, which should take place at least **two weeks prior** to completion of the program. Written notice will also be given in the form of letter and/or email.

Example 1: Student enrolled in Cosmetology has 3 payment periods.

Payment Period 1: 0- 450 hours.

Payment Period 2: 451 – 900 hours.

Payment Period 3: 901 – 1232 hours.

Student graduates at a total of 1000 hours, or completes only 100 hours of the 332 payment period.

$100/332 = 30.12\%$, therefore, only 30.12% of the aid received in the payment period can be retained and 69.88% must be returned to the U.S. Department of Education, and may result in a balance owing on the student account.

Example 2: Student enrolled in Cosmetology has 3 payment periods, same as above in example 1.

Student graduates at a total of 1101 hours, or completes only 201 hours of the 332 payment period.

$201/332 = 60\%$, therefore, all Title IV funds received in the payment period are earned and no refund of aid required.

REFUND PRIORITY POLICY

Pursuant to federal regulations, Return of Title IV Funds that are credited to outstanding loan balances when calculating a refund, for the payment period or period of enrollment as applicable, for which a return of the unearned funds is required, are refunded in the following order, up to the net amount disbursed from each source:

- Unsubsidized Direct Loans
- Subsidized Direct Loans
- Federal Perkins Loans
- Direct Plus Loans
- Federal Pell Grants for which a Return is required
- FSEOG for which a return of funds is required
- TEACH Grants for which a Return is required
- Iraq and Afghanistan Service Grant, for which a return is required

SCHOOL CLOSURE / TEACH OUT PLAN

In the event that the academy should close or otherwise cease to offer training, enrolled students will be entitled to a refund as specified in this institution's published refund and settlement policy, as published herein, and as set forth in the Oregon Administrative Rules. The academy's teach-out plan offers the student a reasonable opportunity to promptly resume and complete their cancelled course, or a similar course, at an institution.

In the event that a teach-out would be offered, the teach-out school cannot charge any student more than the original school would have been entitled for the period covered by the teach-out, and for which the student has not paid. Should a teach-out be necessary, written notification of the need for a teach-out a list of available local teach-out institutions, academic transcripts and refund/settlement calculations will be delivered to all affected students. Pursuant to the approved teach-out plan, each individual affected student would have 60 days in which to contact their institution of choice and enroll for the completion of their program. After the 60-day period has elapsed, student records will be made available through the Higher Education Coordinating Commission.

THE WHY

We are serious about our rules and regulations. Attendance, dress code, satisfactory academic progress, and schedules are some of the most regularly addressed. Many students ask why we enforce these rules. Beau Monde Academy is strictly regulated by NACCAS, the US Department of Education, and HECC. Each regulatory agency has their own set of rules that we are required to follow. Not following these rules could jeopardize our ability to give our students access to financial aid. So, every time you break a rule a future students opportunity to obtain their career path is in question. Please don't break the rules.
